

CAFCASS CARE DEMAND - LATEST FIGURES FOR OCTOBER 2011

2011-2012: Care application demand has remained at a very high level. Between April and October 2011, Cafcass received 5,798 new applications. This figure is 10.1% higher when compared to the same period last year. Applications received between May to October this year have been the highest ever recorded by Cafcass for these individual months. The figures for August 2011 were the second highest ever recorded for a single month by Cafcass.

2010-2011: During 2010-11, Cafcass experienced a 4.1% increase in care applications with 9,192 new applications up from 8,826 in 2009-10, which itself saw a 36% increase on applications we received in the previous year. Care application demand for all months during 2010-2011 have been the highest ever recorded by Cafcass for the individual months except June and December 2010. March 2011 saw the highest number of care applications ever recorded in an individual month, with 895 applications.

Notes:

1. Figures in the above table and graph are provided from the Cafcass national case management system (CMS). The unit of measurement is a Care application, upon its receipt by Cafcass from the Court and its entry into CMS. An application can involve multiple children. CMS is a live system and any late entries will be accounted for at the time of release of subsequent updates to this data. Updates to this information will be published on a monthly basis, in the second week of each month.

2. Pre-release of these statistics has been made available to the Children's Minister, Tim Loughton MP in accordance with The Pre-Release Access to Official Statistics Order 2008.
