Re: Freedom of Information Request

Thank you for your email of 14th September 2016. You made the following requests for information:

[How many care applications were received by Cafcass in 2015 involving DNA testing?](#)

Please see below for our response.

No care applications received in 2015 involved DNA testing. There may be some care applications that feature DNA testing however they will be funded by different routes and not tracked in the same way and therefore not readily available via our logging system.

We hope that you feel your question has been answered effectively. If you are unhappy with the decisions made in relation to your request, you may ask for an internal review to be undertaken. If you are dissatisfied with the way the internal review is handled or with the final decision made at that review about the information released, you are free to contact the Information Commissioner's Office (<https://ico.org.uk/>):
